Cadmium Public Comment Summary.xlsx

We will call you at that number. I have attached an initial matrix of the comments at a big picture level that I was thinking we could walk through during the call. We would like to discuss setting up the comment summary, response to comments, revisions, and a general timeframe. Talk with you at 2pm.

Thanks,

Mike

Thanks Mike

Craig just got back from field sampling, so we are both at the office now.

Thus you can call us direct at Ex. 6 - Personal Privacy (unless there is another person needing the conference line).

## **Ex. 6 - Personal Privacy**

I have done an initial review of the comments and would like to discuss allocation of the responses/revisions, initial approach, and timeframe. I will send an initial organizational table before the call.

Thanks,

Mike
